Deadline Nears as Cypress Chamber Queen Contest Entries Pour in

Friends of local beauties are getting behind their favorites this week as the final days of the Cypress Chamber of Commerce queen contest draws to a close.

Sponsored by the local chamber, the winner of the Cypress contest will receive a \$15 cash prize and will also be eligible to vie for the "Queen of the Air" title, at the Orange county aviation week dinner held at the Orange county airport in Santa Ana.

The county-wide queen contest is under the auspices of the Associated Chambers of Commerce of Orange county.

Easy to Enter

Either the contestant herself, or a friend can enter her in the contest simply by filling out a coupon which is printed on the Chamber of Commerce's page ad in last week's ENTERPRISE, copies of which can be found at any one of the stores listed as sponsors in the ad.

The three girls with the most coupons sent in for them will be the finalists. Members of the Chamber of Commerce will then meet in special session to choose the winner of the contest.

Deadline for the entries is 6 p.m. tomorrow, Saturday.

Winner of the contest will be announced in next week's ENTERPRISE, according to C. R. Rogers, chairman of the queen committee.

Haskell Kelley To Fill Unexpired Constable Term

Appointment of Haskell Kelley, former Cypress hardware merchant, as constable of Anaheim township, to fill the unexpired term of the late Contable Edward Marion, who died on the eve of his unopposed re-election, was made by the county supervisors Tuesday, after a three-to-two split on a secret ballot between Kelley and James Kilroe of Garden Grove.

Supervisor Ralph McFadden of the third district nominated Kelley and Kilroe was nominated by Chairman Willis Warner, in whose district he resides. After the secret ballot, McFadden moved the appointment of Kelley and this was made unanimous.

The present term will expire at the end of this year. Meanwhile a successor to Marion will be elected either at the primary, June 6, or the general election next November. Already several candidates are reported in the field, including Fred R. "Pop" Dukes of Buena Park. The election will be decided, necessarily, by write-in vote, so far as the primary is concerned, as the ballots already had been printed at the time of Constable Marion's death.

CYPRESS WOMAN'S FATHER—A. H. Avakian, 69, father of Mrs. Forrest Lowrey of Cypress, died suddenly May 5 from a heart attack in his Long Beach chemical laboratory. Avakian was a well-known chemist in California, having served on the faculty of the University of California at one time. He was also a former engineer on the original Los Angeles aqueduct at Bishop. The unexpected death came just after Mr. and Mrs. Avakian had booked air passage to Ireland for a vacation. Services were held Tuesday at 2 p.m. in the chapel of Holton & Son Mortuary.—Cut Courtesy Press-Telegram

No Action Yet On Milk Strike

Both sides have been inactive the past few days in the milk dispute between John C. Vieira, Cypress dairyman whose firm is located at 9391 Denni Ave., and the Milkmen's union, an associate of the AF of L Teamsters' union.

Vieira charges that union representatives have prevented disposal of \$200 worth of milk per day because he refuses to sign a contract with them. His dairy has been picketed this week, and consequently, pick-up men won't cross the lines to get his milk, nor will union workers in Los Angeles accept his milk for his large wholesale customer there.

Vieira's legal counsel is presently engaged in studying the situation to find if the union is violating any National Labor Relations rulings.

Local dairy men have rallied to Vieira's case and most of them are backing him in his dispute with the union.

A sewer trunk line will be built near Cypress next year, according to tentative plans of the Orange County Sanitation district.

The question of whether or not this community wants to remain the users of septic tanks or whether they wish to hook onto the sewer line was put up to them by B. P. Ellis, engineer for the Joint Outfall Sewer at a meeting of the Chamber of Commerce Monday night. Representatives from Los Alamitos and Stanton were also present.

More Lines Needed

Ellis' story was that members of the Joint Outfall Sewer, four larger Orange county cities, and three sanitary districts, have come to the point where they desperately need more sewage disposal. They are forced to build a Magnolia trunk line near Cypress, which this city may hook on to if it so desires.

The Magnolia-Cannery trunk line is part of the \$8,000,000 bond issue voted a year ago for Orange county.

Ellis said that if everything goes smoothly in the legal procedures of setting up the trunk line, it should be finished by spring of next year.

What Cypress Must Do

If Cypress wishes to come in to the sewer system, it must either form its own sanitary district, or go in with Stanton and Los Alamitos to form one large one, which theoretically would lessen the cost per individual, according to Ellis. Although the Magnolia trunk will be built large enough to accommodate Cypress whenever it wishes to come in, the longer the wait, the more it will cost because of back payments that will have to be made.

After the sanitary district is formed, an engineer will be called in to aid in figuring the cost of bonds which will pay for carrying the waste from the individual's house to the Magnolia trunk.

Members Question Costs

Uppermost in the minds of citizens of all three towns represented, was the unknown cost of building lines from individual houses to the trunk line. They felt that before people will vote favorably for bonds being levied, they would like to know what the future cost will be for the property owner. More reports will be made and discussions held at future chamber meetings to clarify the sewer question. Anyone interested is invited.

Arnold May Donate Lot To Busy Bees

A free lot is in store for the newly formed Busy Bee's women's club of Cypress if they work things right.

If they are able to purchase the lot adjoining his on Watson St., A. E. (Pat) Arnold told them he would give them the one he owns, provided a clubhouse would be built.

This 'n' That

BUILD ANOTHER HOME

News from the Hector Dyer family in Midland, Texas, indicates that the family has another new home under construction. It should be ready for occupancy some time in July.

The family was about to move to Sunny Hills in the Fullerton area last fall. The new house contained many original features designed by Mrs. Dyer, but the company for which Dyer works transferred him to the Texas location.

Several of these same ideas have been inaugurated into the Texas dwelling plans. Built to conform to the many restrictions imposed in the tract which was chosen for the home site, the house boasts a light pink stucco brick with a snow-white roof.

EYE INJURY PAINFUL

A freak accident during a Sunday morning church service in Long Beach sent Mrs. I. W. Nicks, 5572 Danny Ave., to the doctor's office.

Attempting to keep her young son Charles entertained, she provided him with the usual implement—a pencil. Bending over to assure him that a musical number was in store, the youth waved the object in the direction of his mother's eye.

The painful accident resulted in the cornea's being severely scratched, the doctor's examination showed.

ENLARGE LUMBER OFFICE

The office of the Cypress Lumber company has been enlarged and redecorated. Mr. and Mrs. Russell Flynn refer to the im-

proved appearance of their place of business as a "face-lifting" job.

A wall has been removed, giving greater display area. Many of the larger items handled by the firm such as doors and window frames may be seen at a glance.

The interior is attractively covered with Celotex on the ceiling and walls.

RETURN HOME

Mrs. Clyde O'Neal returned from Denver Tuesday morning where she attended the wedding of her son, Cpl. James Lowe, to Pvt. Joanne Gardenhiser on Sunday.

Making the train trip with her at the last minute was Mrs. O'Neal's sister, Mrs. Mildred Garrison, of Long Beach.

The return to California was not without incident. Sometime during the night the two women were awakened by the sound of breaking glass and found their possession placed on the window ledge of the sleeper had been knocked off. Since it was on the eve of the railroad strike, there was some consternation aboard as to what might happen. Police were called and an investigation made.

Also aboard the train inbound for Los Angeles were a group of movie stars who had been on location for a presumably western picture. Their presence was not conducive to the normally good service, the travelers reported.

NO MORE TROLLEY SERVICE

Permission has been granted the Pacific Electric railway system to disband the electric car service on the Santa Ana-Los Angeles line between Bellflower and Santa Ana.

Action came after months of fighting by residents and business men in this area to keep the PE operating.

No announcement has been made as yet by the rail company as to the exact date the line will be abandoned, but it is expected they will begin as soon as possible.

Of the eight lines to be abandoned, permission was given to put a bus service on seven of them, but no plans for Cypress were announced.

Without transportation at present, Cypress will be looking forward to the long-delayed opening of a bus system by D. K. Hutchinson of Bell, who recently reported his line was progressing and should be opened before too long.

HOLD FUNERAL MONDAY

Funeral services were held Monday morning in Buena Park for Frank Nagode, 8871 south Hansen Rd. Two of his children, Henry Nagode and Mrs. D. D. Dixon, are well known in Cypress, being connected with a cleaning business here.

A native of Austria, the deceased had made his home in Orange county for the past four and one-half years. He was 76 years of age.

THE ORDINANCE IS STILL OURS

A decision on the part of the board of supervisors to retain the recently passed ordinance requiring registration of solicitors is lauded by the Buena Park Chamber of Commerce, the Cypress Chamber of Commerce and this newspaper.

The Santa Ana Chamber of Commerce had been outspoken in its claim that the ordinance was "without support." This was proved untrue.

The Santa Ana Register has published a series of articles dealing with political generalities about restrictive controls and setting up "wild illustrations" to prove their contention of possible mis-use.

Now it would seem that Sheriff Musick is being quoted as not wanting it on the grounds that it would be a burden on his office. We would like to see a little more burden on the sheriff's office where Buena Park is concerned as we get about as little protection in return for our tax money as can be conceived.

Perhaps the ordinance as it now stands is not perfect. That is no excuse for scrapping it for we in the "rural areas" know the need for some such control and perhaps an improved version can be substituted in the near future.

Bailey Family
To Live in
Hawaii Soon

Mrs. Joe Bailey and two children, David and Leilani, expect to leave in the near future by air to live once again in the Hawaiian Islands. Bailey, a civilian electrician who sailed some days prior, is making the necessary living arrangements there.

In the meantime, the state-side family is residing in an apartment at the James A. Bolinger, Jr. home, 4811 Grace St. Mrs. Bolinger cared for little Leilani recently while Mr. and Mrs. Bailey and David enjoyed one last fling by visiting his family in Brownsville, Texas. It was the first trip to the extreme tip of Texas for the latter two.

The family home at 8882 Cypress Ave. was sold to Mr. and Mrs. Neeley and their two little girls, who moved here from Bellflower. He is a carpenter employed on the Lakewood Village building project.

Mrs. Bailey's parents, Dr. and Mrs. C. E. Burgess, Jr., are staying in Southern California to assist her in making the move to the islands. They then expect to spend some time on a trip east, returning to Honolulu in the late summer to their home. The doctor has been on leave of absence for about a year.

Community Club
Objects to Move

Mrs. Arden Hambly was hostess to members of the Cypress Women's Community club Tuesday afternoon in her home at 5312 Bishop St. She was assisted by Mrs. C. E. Swain and Mrs. Barbara Young.

Guests were served dessert and coffee prior to the business meeting at which the president, Mrs. Murton Jones, presided.

In honor of the coming Mother's day, Mrs. Milam Williams presented two appropriate readings. Mrs. E. E. Goodman offered the 23rd psalm for inspiration during the devotional period.

Mrs. Earl Essex was responsible for the club's adding over

six dollars to its treasury. She donated a plastic pin and earring set, which became the property of the delighted hostess, Mrs. Hambly, following a drawing. Winner of the mystery prize was Miss Beth Kroesen.

It was decided to offer members the opportunity to sign a petition to be sent to President Truman requesting that the hospital for treatment of paraplegics be left in Van Nuys and not moved to Long Beach as present plans require. Although this matter is not in this district's jurisdiction, what happens to the men who fought to save our country for us is, Mrs. Goodman pointed out in a fervent plea on behalf of a paraplegic known to her personally. Many have bought homes in Van Nuys which are especially fitted for their use, and removal of the hospital to Long Beach will work an extreme hardship on them.

Mrs. E. V. Corby, 5532 Karen St., invited the club to her home for its June meeting. Mrs. Howard Kopsho and Mrs. Goodman will be her assistants.

Mmes. Job Denni, Mabelle Dyer and Essex were appointed to serve on the hospital committee for the next regular visit.

Mrs. Clarence Norland and Mr. and Mrs. Don Norland visited the botanical gardens at Santa Ana last Saturday. They were met there by Mr. and Mrs. Calvert Norland, both botanists, from San Diego. The former was an employee at the gardens some years ago. The meeting was in the nature of a family reunion for the two sons and their mother.

TIPS FOR TOP LONG DISTANCE SERVICE

Ways to save money and minutes on out-of-town calls

1. Reduced rates begin at six in the evening... and between six and seven is a good time to call. Long Distance rates are low. And nights and Sundays are a particularly fine bargain. For \$2.00 or less (plus tax) you can make a station call anywhere in the country. After the first three minutes, time is charged by the minute... not as another three-minute period.

3. When you call across the country or across town, you're using a service that's a finer value than ever before. With your telephone, you can reach twice as many people as 10 years ago. You can call more of the people you want to call... more can call you. And at rates that make your telephone a real bargain.

2. For best service, place your call with the operator like this: First, tell her the name of the town you're calling... then the telephone number (or the name and address). Next, if it's a person call, give her the name of the one you want to reach. And if you've made notes ahead of time, you'll find you can say as much in three minutes as in an average letter.

Your telephone is one of today's best bargains

Dukes Announces For Anaheim Township Constable

Anaheim township has lost a conscientious public servant and a fine gentleman in the late township constable, E. D. Marion. The position he held was one of responsibility and one which he filled ably for many years.

It is the hope of Fred R. Dukes that he may be elected to fill the vacancy created by Mr.

Fred R. (Pop) Dukes

Marion's death. If he is elected he will do everything in his power to give the people of Anaheim township the service this position requires. Inasmuch as Mr. Marion's untimely death occurred after the filing date had passed, it will be necessary for the voters to write in Dukes' name.

Fred R. (Pop) Dukes has given many years of his life to public service in Orange county. For seven years he served on the board of trustees of Fullerton Union high school and junior college. Long a Legionnaire, he has been active in organizing and counseling the Boys' State program since its inception 14 years ago.

He has held state Legion offices and is a past commander of the Orange county council as

Doesn't Need Feet to Drive New Model Car

John Crume, local shoe repair man who has spent most of his life in a wheel chair and on crutches, can say something now that he has never been able to say before— "... where would you like to have me drop you off?"

Reason for his new query is the 1942 Oldsmobile he just purchased—one which John can drive because it has all hand controls!

A lever on the left side of the steering column is pushed up for braking and down for the acceleration. A switch on the right controls the light dimming. The hydromatic operation eliminates any other need for foot operation.

If it happens you want some shoe repairing done right away and John is out for a ride—you can hardly blame him for a while.

well as Garden Grove and Buena Park posts. He is active in the Congregational church in Buena Park and has been a member of the YMCA board for many years.

A resident of Orange county for 28 years, he is presently connected with the Orange county sheriff's office and can work closely with that office in the prosecution of his official duties. Adv.

FOUR-LEGGED NEWCOMERS

"Molly," Siamese cat belonging to Mrs. Ruth Lockman, 8622 Belmont St., has five kittens since last Friday. On Monday two of them had one eye open apiece.

Neighbors are teasing Mrs. Lockman, and telling her that the next thing she'll be telling about her kittens is that they drink from a saucer. For a Siamese, "Molly" is a comparatively quiet cat. But the babies

have been yowling, since the first breath of life, says Mrs. L.

Out Bishop St. way, west of Moody, the Paul Bell family is proud of their new little colt—a perfect little palomino. They have nine little kittens, compliments of their two mother cats. But they don't talk about that, especially with a litter of collie pups expected soon which have an illustrious family background and will be registered.

**Local Man's
Parents Wed
50 Years Ago**

Mr. and Mrs. Arch Henry, parents of George Henry of Cypress, celebrated their fiftieth wedding anniversary at their home at 885 So. Lemon St. in Anaheim Saturday evening.

The couple was married in Anaheim in the First Congregational church and raised six sons who grew up in Anaheim.

Mostly the immediate family were present at the gathering, including four sons and their families. The sons were George, Arch, John and Marion.

Unique point of the celebration was the fact that Mr. Henry was born right in the Anaheim area 80 years ago, and has lived there ever since. Son George, who is the owner of the Henry drug store in Cypress, was born in a house near the present site of the oil derrick on Lincoln Ave. between Anaheim and Cypress.

Mrs. Henry, 78, was born in Wayne county Indiana.

Favors which held candy and had a 50 year theme for decorations were used at the dinner. Mrs. Henry was presented with many lovely gifts including an orchid, bedspread, curtains, and flowers.

Mr. and Mrs. "Bob" Jensen were given a surprise housewarming Saturday evening. Arriving at their recently purchased home at 5591 Saint Ann Ave., co-workers at the M and H market and relatives brought gifts and food for a buffet supper.

Mr. and Mrs. Gerritt Vander Mei, 9054 Watson St., were hosts last Thursday evening to his brother, John, in honor of his birthday, at a family dinner. Accompanying the latter from San Bernardino were his wife and three children.

Other members of the clan made use of the opportunity to plan a surprise later in the evening, since the Cypress location was central to all of them.

Participating were the host couple's children, Henry Mei and daughter Lynette from Montebello; Mr. and Mrs. Noble Daniels and two boys, Gerald and Perry from Artesia, and Miss Eileen Vander Mei.

Others were the honoree's brother, Dick Vander Mei and daughter Sue, Bellflower and his sister, Mrs. Bill Davis and husband from Paramount.

**SEVENTY-FIRST BIRTHDAY
CELEBRATED MAY 3**

Mrs. C. H. Colvin's 71st birthday on May 3 was marked by a visit from her son's family, the Earl W. Colvins of Torrance. They were accompanied by Mrs. Mamie Shafer of Santa Monica, Mrs. Earl Colvin's mother.

The part that delighted Mrs. Colvin was the fact that her guests brought all the food for the celebration dinner. Besides the birthday cake, there were appropriate gifts.

Flowers, messages and gifts arrived throughout the day from friends.

Monrovia Nips Devilettes 10 to 11 As Visitors Splurge in Seventh

With a 10 to 7 lead going into the seventh inning, the Cypress girls' Devilettes lost a nip and tuck battle with Monrovia Monday night on the local diamond.

One of the top points in the tilt was in the fourth stanza when the local gals were trailing 3 to 2. With Darlene Greenwade on base, Catalina Beockler slammed a clean home run and put the count up to 4-2. Later in the same inning, Alberta Slabaugh also scored.

Big inning for the Devilettes was the fifth, however, when runs were made by Greenwade, Margy Hall, Beockler, Helen Vezina and Joanne Fields.

That splurge put the count at 10-7 going into the seventh, with

Cypress team in the lead. After four runs by Monrovia in their half of that stanza, however, a run in the last half by Slabaugh brought the count to 10-11, the closest Cypress could come.

Two runs earlier in the initial innings for the Devilettes were scored by Slabaugh and Greenwade.

DEVILETTES LIST DONORS TO TEAM

Gifts of equipment and money by local merchants were announced this week by Darlene Greenwade, captain of the Cypress Devilettes, girls' softball team.

Greenwade pointed out that there are more merchants who have offered donations, but since no more is needed immediately, it is planned to use the rest later for some sort of celebration for team members at the end of the season.

Following are the latest donors: Johnny Andre, Gregg's super market, Leona's 5th Gear cafe, Triangle drive-inn, Cypress Hay Co., Pacific Coast Boring Co., Clyde Arnold, Western Auto supply, Cypress grocery, Cypress Lumber Co., Stewart's furniture, Pat Arnold.

Sorghum mill, Corby's barber shop, Peterson's realty, R & G Ready-mix, Village market, Cypress cafe, Cypress cleaners and dyers, Evie's beauty shop, Rainway Sprinkler Mfg. Co., Cypress garage, John's shoe repair, M & H market, Carl & Merle's Richfield service, Stan Doerr and Essex variety store.

DEVILETTES WILL MEET LOS ALAMITOS HERE MONDAY

Monday night at 8 p.m. on the local school diamond, the Cypress Devilettes will tangle with the newly-formed Los Alamitos girls' team.

Merchants Open Title Defense With 12-0 Victory

By Paul Roggia
(Special to ENTERPRISE)

Cypress Merchants opened the defense of their N.S.A. championship last Monday night at Norwalk County park with a devastating, 12-0 shutout win over Western Consumers.

Eddie Arbiso elbowed a two-hitter, yielding his first hit to start the fifth. The second bingle was a well tagged triple to left in the exit frame. Arbiso whiffed six and gave up only one walk.

The locals got to Evink in the second for three runs on two hits, one was a homer by Norm Duncan. They picked up a singleton in the following frame as Arbiso doubled in "Salty" Falls then went after five tallies in the fourth on only two hits, three walks and one error. Reynolds singled in the fifth and tallied. This was all for Evink and Shimmer was sent to the firing lines where in the sixth Borgess singled and Arbiso blasted a homer to tally both. In the final frame a hit by Frankie Ferriera

ROGGIA WILL WRITE FOR ENTERPRISE AGAIN

Paul Roggia, official publicity man for the Norwalk softball league, and sports editor of the

was wasted when Duane Duncan hit into a slick double play.

Cypress wound up their practice slate at Norwalk, Friday, May 5 by dropping an 8-7 decision to Coast Grain. Frankie Ferriera worked 3 plus frames and allowed 9 hits and 8 runs before Arbiso went in and shut the door but it was too late. A Cypress rally fell short as they had the tying run on third when Gulman flied out to end the frame.

Norwalk Call, will again write softball news from the Norwalk league, of which the Cypress Merchants is a member.

Arrangements were completed this week with the writer and he will furnish, as he did last year, current standings of the league, batting averages, and statistics on the individual games.
